

U-TURNS

THE NEWSLETTER FOR ONE EIGHTY MINISTRIES, INC.
FALL 2011 ISSUE

Adopt-A-Block

Volunteers have been going door-to-door in Somerville, the town just across Highway 57 from Lighthouse Christian Fellowship. Volunteers from Lighthouse Christian Fellowship and Living Word Fellowship reach out in the spirit of unity to our neighbors to proclaim the Good News of Jesus Christ. We also offer help when it is needed. There has already been one reported salvation and many homes blessed in the name of Jesus.

The ministry officially began on August 27th and already we are planning for the weather change as winter approaches. Soon we will make the switch from door-to-door ministry to events as it gets colder. When spring comes back around, we will start door-to-door again.

College-Aged Ministry

We teach a class at Lighthouse Christian Fellowship on Wednesday nights from 6 pm to 7:30 pm. The class is geared for 18-30 year-olds who want to have a purpose in life or need a mentor to help guide them in their decision-making.

We hope to move the class to Monday nights on the campus of Oakland City University.

501c3

The process is currently in the final phase to make One Eighty Ministries recognized by the IRS as a non-profit organization. This would enable us to apply for grants for various projects.
